Lead time is around 10 weeks usually but given the current situation we can't guarantee that, and we need payment before we can place the production order with the factory.

Please be aware that due to the COVID-19 global situation we are on significantly reduced operational capacity, this will affect your order.

Due to UK essential travel only protocols, we are unable to pack and ship any parts during the day time, all UK daytime deliveries are now on STOP until UK protocols are changed – this is due for review May 4th at the earliest.
