

Technical drawing of a rectangular plate with four circular holes. The plate has rounded corners and a central vertical slot. The dimension 1.665 is indicated at the top, representing the distance between the centers of the two holes on the left side. The drawing includes center lines for the holes and the slot, and a dashed line for the central vertical slot.

FIG. 1

The drawing consists of two views of a mechanical part, with dimensions in inches.

Isometric view (Scale 1:1): Located at the top right, showing the 3D form of the part. It is a rectangular plate with rounded corners, four circular holes (two on each long side), and a central slot.

Unfolded view (Scale 2:1): Located below the isometric view, showing the 2D layout of the part. The dimensions are as follows:

- Overall width:** 2.70
- Overall height:** 3.07
- Top edge:** .867 (left), .97 (right)
- Left edge:** 2.065" (total), .50 (bottom section)
- Right edge:** .34 (bottom section), .31' (top section)
- Bottom edge:** .50 (left), 1.70 (middle), .50 (right)
- Internal dimensions:**
 - Top section height: $\frac{5}{16}$
 - Bottom section height: 1.30
- Feature callouts:**
 - 4 Plcs (4 Places) pointing to the top-left hole.
 - R .50 Typ (Radius .50 Typical) pointing to the bottom-right corner.

Cylinder Head Oil Splash Plate
