BODY COLOUR
Red

REG NUMBER
GNR 628L

ODOMETER READING
0

Judging by the large history file, this car has clearly been treasured by its two owners over the years. In 1992, it was treated to a new chassis directly from Lotus Cars, part number LR2731, and this was fitted by renowned marque specialist, Paul Matty. Having covered just over 79,250 genuine miles from new, the car is in fantastic condition. The previous owner was meticulous in every little job carried out from 1972-2014, from mechanical components all the way through to the light fixings, this car has been carefully maintained as the pride and joy of two private collectors.

Finished in the most appropriate Gold Leaf colour combination made famous by the Lotus Grand Prix cars of the era, GNR 628L will be supplied with a full year's MOT and offers its next owner a mouth-watering opportunity to be only the third registered keeper of this iconic and collectable little Lotus. We can confirm this special example drives superbly and is ready for its next owner to use and enjoy.

SPECIFICATIONS
